### **Description:**

The Museum of Ancient Art has got a vast collection of paintings, sculptures and drawings from the 15th until 18th century. Built up around a core of revolutionary captures and deposits of the French state, this collection was constantly enriched by the acquisitions, but also by gifts and legacies of numerous patrons. The paintings of the Ancients of the southern Netherlands make up an essential part of this collection (Rogier van der Weyden, Petrus Christus, Dirk Bouts, Hans Memling, Jérôme Bosch, Bruegel, Pierre-Paul Rubens, Jacob Jordaens, Antoine van Dyck). Worth visiting, the new wing inaugurated in December 2003. This is an answer to the request of the royal museums to be able to expose a larger part of their exceptional collection of paintings.
