## GROTTO OF HAN- SUR-LESSE

### **Description:**

Worldwide famous cave which is proud of the three stars it was awarded in the Michelin guidebook. The 3 dimensions of the Grotto of Han. By train... from the center of the village, a tramway will bring you to the entrance of the caves. On foot... guides will lead you through 3 km of nice rooms and passages : the "Minaret", the "Trophy", huge stalagmite of 7 m high and 20 m round, the "Mystery" room and its highly colored formations, the "Dôme" with a height of 145 m. Halfway in the visit, a sound and light show recreates all the marvels of the "Weapons Room". By boat... the romantic exit on barges on the subterranean Lesse will certainly impress you.
